

<b>Title</b>	Consultation Briefing on Introduction of a Registered Fire Engineer Scheme for the Implementation of Third Party Fire Safety Certification in Hong Kong
<b>Description</b>	<p>Speaker:</p> <p>Mr. LEUNG Kwun-hong, Senior Divisional Officer, FSD</p> <p>Mr WONG Chun-yip, Ag. Divisional Officer, FSD</p> <p>Abstract</p> <p>In 2007, FSD published a consultation paper and launched a trade consultation on the initial proposal of Introduction of a Registered Fire Engineer (RFE) Scheme for the Implementation of Third Party Fire Safety Certification in Hong Kong. Majority of respondents were in principle supportive of the proposal. With the benefit of the comments received, FSD revisited the initial proposal and incorporated suggestions which would make the RFE Scheme more viable and lessen any possible adverse impact to the trade.</p> <p>In gist, revisions made to the proposed RFE Scheme include requiring that applicant must be qualified as Registered Professional Engineer (RPE) instead of Corporate Member of the Hong Kong Institution of Engineers (MHKIE) to register as RFE and categorizing RFE into 3 distinct classes, viz. RFE (Risk Assessment), RFE (Fire Service Installation) and RFE (Ventilating System) according to their expertise and the scope of works. In further developing details of the scheme, FSD has also taken into account of other areas of concern raised by stakeholders, like putting in place measures to prevent malpractice or conflict of interest and protecting the interests of existing practitioners.</p> <p>FSD is now conducting another round of trade consultation on the revised proposal. The consultation will last for three months from September to November 2011.</p>

	<p>This seminar will give a brief account on FSD's revised proposal and the way forward of implementation of Third Party Fire Safety Certification in Hong Kong.</p>
<b>Event date</b>	14.9.2011
<b>Assembly Place &amp; Time</b>	Auditorium, Kowloon Tong Fire Station, 3 Baptist University Road, Kowloon Tong, Kowloon / 1815 hrs to 1930 hrs.
