

Title	Technical Visit to Ho Man Tin MTR Station
Date of Event	8 October 2016 (Saturday)
Description	<p>The new Kwun Tong Line Extension (KTE) is targeted to be commenced in the late October.</p> <p>As an extension of the existing Kwun Tong Line, the KTE runs from Yau Ma Tei to Whampoa with an intermediate station at Ho Man Tin.</p> <p>The Ho Man Tin Station is a mega-scale project with a total floor area of 56,600 square meters to serve both the KTE and Shatin to Central Link. Various passive and active fire protection measures are specially designed to suit the operation need of the Station.</p> <p>In addition to landscape greening, arts elements are also incorporated into the Ho Man Tin Station to promote a better understanding of local history and culture, as well as providing a more comfortable and pleasant travelling environment for passengers.</p> <p>The Institution of Fire Engineers (Hong Kong Branch), the China Hong Kong Fire Protection Association (CHKFPA) and the Hong Kong Institution of Engineers (Fire Division) are jointly organizing a technical visit to the Ho Man Tin Station aiming at providing a platform for members to have a thorough understanding of the fire engineering concept applied and related fire protection strategy.</p>
